Re: Houser - Lauer Well No. 2  
Section 12, Township 7 North  
Range 59 West  
Weld County *Jade*

Dear Mr. Smith:

I appreciate very much your letter of February 19, 1965, relating to the production of the above-mentioned oil well. I will appreciate your advising me the current status of this well as revealed by <sup>the</sup> your records in your office for the months of February and March.

If the well has been abandoned, I would like to have a photostatic copy of the filing and I will promptly remit any fee for this service.

I certainly appreciate your willingness to keep me up to date on this matter, and while the Commonwealth had to drop the prosecution because of Houser's death, so many misrepresentations have been published in our local newspapers on the production of this well that I want to set the records straight at the appropriate time.

Thanking you and with best wishes, I remain

*John T. Dixon - PO Box 467 Sterling*

Yours very truly,

*Jan. 31 oil TSTM Gas
