Dear Mr. Greer:

Re: John T. Dixon-Lauer Well No. 2
Section 12, Township 7 North,
Range 59 West, Weld County, Colo.

Our records show that this well is still producing. February reports show 26 barrels of oil, 10 barrels of water, and gas too small to measure.

The March report is not due until April 25.

We hope this information will be of use to you.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

H. H. Morrell, Associate Petroleum Engineer
