Photo 1: Photo taken from the northeast end of the location, facing southwest. Photo shows vegetation on the access road. Access road has not achieved a uniform desirable vegetative establishment. Only two (2) growing seasons have passed and additional time may be required, however, additional seeding activities is advised to facilitate reclamation.

Photo 2: Photo taken from the east end of the location, facing south. Photos 2-4 provide an overview of the location from south, to west, to northwest. Photos show vegetation on the location. Location has not achieved a uniform desirable vegetative establishment. Only two (2) growing seasons have passed and additional time may be required, however, additional seeding activities is advised to facilitate reclamation. Based on historic aerial imagery, this appears to be where facilities were located.
