General Comment:

This is a follow up of the previous reclamation inspection document number 689900759.

The corrective actions of the previous inspection have not been performed.

See attached photos and additional details within this report.

Operator is directed to perform corrective actions outlined on this inspection report immediately. This inspection is being entered for notification and documentation only and is not intended to provide the Operator the opportunity to resolve the alleged violations without the imposition of a penalty, pursuant to Rule 522.c.(1). Perform corrective actions immediately to avoid further enforcement and potential penalties.

Comment:

Corrective Action:	The main access road was pre-existing however, it appears to have been disturbed and widened during operations. There are erosion issues along the road and insufficient BMP's installed. The location is recontoured and reclaimed with a shallow pit that remains. The vegetation has not adequately established at the location and there are areas with no vegetation growth. There are noxious weeds along the access road and at the location which have not been controlled. Corrective actions of the previous inspection have not been performed. See Attached Photos	Date 06/25/2019
	Comply with 1004 Rules. Reseed areas of the location and along access road to establish desirable vegetation. Comply with Rule 1004.e. Perform noxious weed control.	
Overall Final Reclamation Fail Well Release on Active Location <input type="checkbox"/> Multi-Well Location <input type="checkbox"/>		

Storm Water:

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment
Comment: There are erosion issues along the road and insufficient BMP's installed. There are deep erosion channels and the side of the road is not stabilized. Eroded areas along the road must be repaired and stabilized. BMP's must be implemented in accordance with good engineering practice and must be maintained until final reclamation is achieved.						
Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C						Date: 06/25/2019
Pits: <input type="checkbox"/> NO SURFACE INDICATION OF PIT
