Dear Sir:

This will inform you that the #1 Morton, Sec. 19, T6N, R86W Routt County, Colorado, has been temporarily shut down because of mechanical difficulties. It is our intention to move in a rotary tool and complete this well as soon as possible as outlined in our letter of Dec. 27, 1957. When completion work is finished, we will forward the appropriate completion report and plugging record to your office.

Very truly yours,

James T. Stanley
