(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Date of work January 30th, 1981

Well was spudded on 1-27-81. After setting surface casing, well was drilled to total depth of 499' and electric logs run. Since no significant shows of oil and/or gas were encountered, well was plugged and abandoned as follows:

15 sack cement plug from 85' to 115'.
10 sack cement plug from surface to 30'

Hole was filled with heavy mud.
