Mr. W. E. Schattinger  
Jefferson, Colorado

Dear Sir:

This is being written with reference to the well that was started on your property by R. W. Kramer.

As you will recall, we talked about this matter on Tuesday of this week.

I talked to Lincoln Wallbank this morning regarding cleaning up the lease and levelling the pits. His intention was to pull the casing and fill the hole. When I told him you planned to make a water well out of the hole, he was readily agreeable.

In order to comply with the rules and regulations of this Commission, please send us a letter stating that you accept the responsibility of taking over the hole and relieve all parties from the obligation of plugging the well. The letter should also state that you are the owner of the specific land involved, namely, the SE/4, NE/4, Section 10, Township 8 South, Range 76 West.

I would appreciate an immediate answer in order to terminate the bond.

Thank you for your consideration.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO
