Good afternoon,

Please find attached a Form 4 sundry requesting Continued TA status for the Jonsson 19-08B well (API #045-11515) as requested by COGCC on May 24, 2019. TEP Rocky Mountain LLC recently acquired this well from Laramie and submitted a Form 10 – Change of Operator form in April 2019. The Form 4 is being submitted by TEP as a PDF in lieu of eForm due to the pending approval of a Form 10.

Please let me know if you have any questions.

Thank you,

Jeff / Vickie,

Wayne Bankert with Laramie forwarded this message to me from COGCC this afternoon – please see below. Apparently we need to submit an annual Form 4 – TA (temporary abandonment) request for one of the new Laramie wells that we acquired (i.e., the Jonnson 19-08B). COGCC is requesting that this Form 4 – TA request be completed and returned to them no later than June 7, 2019 (see highlighted area below).

I assume that this is a form that you or Vickie would submit – is that correct? I'm not sure the date of the last MIT but I will try to find out from Laramie if that is needed for the Form 4.

Good morning Chris Clark,

My name is Alexi Redies and I am contacting you on behalf of the Colorado Oil & Gas Conservation Commission (COGCC). We have found 1 of your wells which is possibly missing the Form 4-TA annual request. Please complete this form and return it to us no later than 06/07/19, to avoid any further enforcement action.

The well in question is API #045-11515 Jonsson 19-08B.

Please review the attached Form 4-TA for guidance. If you have any questions please do not hesitate to contact me and I will get back to you as soon as possible.

Thank you,

Alexi Redies
