Type	Area	Volume		
------	------	--------	--	--

In Containment: No

Comment: ☐ Multiple Spills and Releases?**Equipment:**

Type:	#		corrective date
Comment:	Equipment remains at location. Please refer to the attached inspection photos for more detail.		
Corrective Action:	Comply with Rule 1004.a. to remove (regardless of ownership) all debris, abandoned gathering line risers, and flowline risers, and equipment within three months of plugging (05/21/2018) the associated facility. All work should have been conducted by 8/21/2018. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.		Date: <u>08/21/2018</u>

Comment: This location is not in compliance with Rule 1004. Reclamation rules require reclamation activities to be conducted within three months of plugging on cropland. Well was plugged 05/21/2018. The removal of all equipment has not been performed; gravel remains throughout the access road; access road has not been re-contoured; doesn't appear compaction alleviation was performed.

Corrective Action:	Comply with Rule 1004.a. to remove all gravel, re-contour and re-grade the access road, and perform compaction alleviation. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with agricultural activities or crop production.	Date 08/21/2018
