THIS IS A FOLLOW UP INSPECTION TO PREVIOUS INSPECTION DOC#: 679601860. All corrective actions assigned in previous inspection DOC#: 679601860 HAVE NOT been resolved. It appears, 2 containers are now filled with unknown contents and the others were moved next to electrical equipment on location. ONE NEW corrective action has also been assigned to this location. Please review my inspection, photos, and previous inspection DOC#: 679601860 for additional information on this location.

COGCC Inspection Report Summary

**Weather Conditions: overcast, snow on ground.

On Thursday, December 19, 2019 at approximately 13:32, I, Inspector Brittani Santistevan, conducted an on-site inspection at PIERCE UNIT-KENNEDY #3 (Great Western Oil & Gas), at location #: 323392 in WELD COUNTY Colorado.

While there, I observed a shut in pumpjack.

During this inspection the following possible compliance issues were observed:

1. Containers at pumpjack and east of pumpjack next to electrical equipment. 2 containers contain unknown liquids. PLEASE REMOVE TO COMPLY WITH RULE 603.F. (Corrective Action Date: November 21, 2019) See attached photos #3-7.

2. Appears to be stained soil at front of pumpjack. Conduct maintenance on equipment, cleanup stained material and review self inspection processes in accordance to Rule 1002.F.(2).D. (Corrective Action Date: December 26, 2019) See attached photo #8.

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
