Comment: <span style="color:blue;">Due to the extent of snow cover on the well pad and along the access road, a detailed stormwater assessment was not conducted. Stormwater controls on the well pad and along the access road need to be assessed at/after snow-melt to determine stability of road and location, as stormwater erosion is documented on previous inspections.</span>						Date: 04/01/2020
Corrective Action: <span style="color:red;">Erosion controls (ie mulching) and stormwater BMPs need to be installed concurrent with seeding within the southwestern project area.</span>
