Gentlemen:

Enclosed for your handling, please find the required number of the above mentioned form on the following well and location:

#1 East Sterling State, SESW, Section 20, 8N-51W, Logan County, Co.

We wish to inform you that the original Well Completion Report submitted to you on 1-16-69 showed that no tests were run (backside of form #5). There was, however, one Drill Stem Test run. The form being submitted now shows this.

Cordially,
