General Comment:

On January 6th, 2020, Reclamation Specialist Trujillo conducted a Final reclamation and stormwater inspection at Diamond Back Drilling & Supply Inc.'s Emerald 231 Location in Rio Blanco County, Colorado.

This inspection is also a follow up to FIR #662300210, dated 2/15/2012 which failed the reclamation of the Location.

The following alleged compliance issues were observed during this inspection:

It was observed that Location does not appear to have been recontoured or regraded. An open pit and excavated soils evident on the north end of the Location; Location does not meet COGCC 1000 series reclamation requirements.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Unable to find Operator email contact for FIR submission and phone number listed for Operator does not work; Inspection will be mailed 1/9/2020 via USPS to physical address on file:

Diamond Back Drilling & Supply Inc
PO Box 2622
Grand Junction, CO 81502

It is noted that several other Diamond Back Locations within this field are also out of compliance: Due to the significant nature, extent, or duration of alleged rule violations, immediate referral to enforcement is required. Perform corrective actions immediately to avoid further enforcement and potential penalties.

No CA dates are being provided as Operator is directed to perform corrective actions outlined on this inspection report immediately. Doing so may decrease the duration of the alleged violations and the penalties that may be assessed pursuant to Rule 523.
