General Comment:

On 1/15/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Stormwater erosion needs to be controlled/stabilized by 3/31/2020.

See below, and attached photos for additional detail.

Comment: An erosional channel is forming within the northern project area. A detailed stormwater assessment was not conducted due to snow cover. Operator should further assess and respond to erosion and site stabilization as needed, upon soil thaw/snow melt.

Corrective Action: Stormwater controls are needed to stabilize erosion within the project area. Corrective action date is extended to accomodate for winter conditions.

Date: 03/31/2020

Pits: ☒ NO SURFACE INDICATION OF PIT
