Good Afternoon Jason,

I am e-mailing you regarding the Royal 33-8R onsite pit, Pit-id# 05-071-08041-p1. After reviewing aerial photos of the area back to 2005 I was unable to identify any evidence of a production pad was big enough to support a production pit in this area. Additionally: after looking for water production records for the pit our team was unable to locate anything showing there was ever v

If you have any questions please let my team or me know.

Best Regards,
