Cabeen Exploration Corp.
945 Petroleum Club Bldg.
Denver 2, Colo.

Gentlemen:

Reference is made to the location of your Laura M. Jensen Well No. 1, located in Section 30, T-12N, R-53W, 6th P.M., Logan County, Colorado.

According to the Intention to Drill approved July 21, 1960, you were to drill 660 feet from the north section line and 1980 feet from the west section line. The location you reported on your Form 5 and Form 6, received in this office today, indicates that the location is 660 feet from the north section line and 2102 feet from the west section line.

We will appreciate a clarification as to the correct location.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

A. J. Jersin, Director
