Mr. Henry Pavlat  
620 Cook Street  
Denver, Colorado 80206

Dear Mr. Pavlat:

Following our conversation early this week, regarding the B. L. Morris #1 well located in the NE SE, Section 14, Township 6 North, Range 86 West, I contacted Bob Hawkins with Craig Steel and Salvage Company regarding the plugging and he was not aware of whether the pipe was just pulled or the well was abandoned. However, he advised he would look into the matter and let me or Ernie Bissell know.

I would like to point out that in our letter to you of May 11, it was requested that this office be contacted prior to the plugging of the well or the pull of the casing. This was not done. An obvious violation of my direct request.

We would appreciate your following through on this matter so it can be closed, if the well has been abandoned.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO

---

William R. Smith, Deputy Director
