Dear Mr. Hawkins:

You may recall that last September, 1960 one of our engineers, Hack Morrell, met you in the Curtis Field and the Mason #1 McDermott well located in Section 13, Township 6 North, Range 86 West was discussed. At that time you indicated that you had taken the well over as a farmout from Ancora and that you would submit the forms required by this office.

As of this date we have heard nothing from you. Please advise.

Very truly yours,
