Dear Mr. Randall:

On July 22, 1959, and again on September 24, 1959, Jeanne R. Mason was written in California regarding disposition of the #1 Jeanne-McDermott well located in Section 13, Township 6 North, Range 86 West, Routt County, Colorado, and no answer has been received to date.

Since you have previously advised us of the status of subject well, we would appreciate receiving from you any information bringing us up to date. It would seem that additional reports are due this office at the present time - probably, a completion report if the well is completed, or a notice of intention to abandon if the well is to be abandoned.

I have enclosed for your possible use and future reference, a few of each of these forms. Your early attention to this matter will be greatly appreciated.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer
