Att: Mr. J.A. McKee

Dear Sir:

The well referred to was sand fracked on October 31, 1958. The well sanded up and it was thought desirable to move in a cable tool rig to clean out the sand. Before such a rig could be moved to location, the weather turned inclement and it was decided to delay the clean out until spring.

Very truly yours,

Jeanne R. Mason by  
Duane C. Randall, Trustee
