Date: 06/30/2017

CA: All Risers/ Flowlines/ Pipelines must abide by the phase II of the May 2, 2017 Flowline NTO. Respond when corrective action is complete with date completed and photos attached to an FIR response to CA. Make sure to identify both endpoints of all riser Risers/ Flowlines/ Pipelines.

Response: CA COMPLETED

Date of Completion: 10/16/2019

Operator Comment: The flowline referenced here is not actually a flowline; it is the landowners' PVC pipe that they wanted to keep as a marker for where that electrical vault/line was. They put the barrier around it to protect the marker, as they would like to know where the line was for future use potentially. We don't have any ownership of this PVC pipe or barrier.

COGCC Decision: Approved
