General Comment:

This is an Abandoned Location Inspection; a Follow Up to Insp Doc#s 692401010 & 689302118 for Five Wells, listed in Inspected Facilities above. APDs were First Approved in 2010 for Williams; Permits Abandoned in 2019 by Terra. It does not appear that these AL Wells were drilled on Location with Ten PR Wells; therefore, these would be Well Releases on an Active Location; except that what appears to be evidence of Wells remains on site. Refer to HouseKeeping & Reclamation Sections.
