Jackson County, Colorado

Dear Sir:

The above well was a dry hole and has been plugged and abandoned.

Date finished plugging - 9/4/61

All Sundry Notices, plugging reports, logs of well and electrical logs required have been filed with your office and the Colorado Oil and Gas Conservation Commission.

Since filing the subsequent report of abandonment the reserve pit has been filled and other repairs made to the location surface.

Yours very truly,

R.C. Watts
District Superintendent
