<p>On February 20, 2020 COGCC SW EPS Jim Hughes conducted an environmental field inspection of the Kinder Morgan YB-2. For the most recent field inspection report of this facility, please refer to document #685301792.</p> <p>An area to the northwest of the well head is devoid of vegetation and appears to be salt stained. This area is located approximately at 37.445243/ -108.810364. The operator shall investigate this area for a potential historical release. Aerial imagery indicate that this area historically will not support plant life.</p>	hughesjo	02/24/2020
