**General Comment:**

On 3/10/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

- Bare soils need to be stabilized on the well pad fill slopes by 5/1/2020.
- Weeds need to be controlled at the appropriate time and no later than 6/1/2020.

See below, and attached photos for additional detail.

Comment: Bare soils on well pad fill slopes are not stabilized.

Corrective Action: Revegetation needs to be conducted on bare soils. Stormwater controls (ie: BMPs) and erosion controls (ie: mulching or erosion blankets) are needed until areas are stabilized with desirable perennial vegetation.

Date: 05/01/2020

Pits: ☒ NO SURFACE INDICATION OF PIT
