General Comment:

COGCC Inspection Report Summary.

On 3-16-2020 at approximately 12:30, inspector Rick Moran, conducted a follow up inspection at URSA well pad 24O in Rio Blanco county of FIR document 700400325.

The following compliance issues were resolved:

- 1) No well head signs present on 6 wells.

Additional compliance issues:

- 1) 4 wells identified with well heads signs that don't match drilling or production records. Photos 8, 9, 10, 11. Complete by 4-16-2020.

Note: Only 6 of 24 well head signs were looked at to see if the well head sign matched data records submitted to the COGCC. The inspector was uncertain when an incorrect sign was on a well head and / or a well status form was not submitted to the COGCC.

A follow up inspection will occur to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report 700400508.
