**General Comment:**

This is a reclamation inspection of the Raspberry 11-15 well site which was plugged and abandoned on 11/7/2017.

The location is not in compliance with the Final Reclamation requirements.

Final Reclamation was not completed within 12 months of abandonment.

See attached photos and additional details within this report.

Operator is directed to perform corrective actions outlined on this inspection report immediately. This inspection is being entered for notification and documentation only and is not intended to provide the Operator the opportunity to resolve the alleged violations without the imposition of a penalty, pursuant to Rule 522.c.(1). Perform corrective actions immediately to avoid further enforcement and potential penalties.

Comment: The access road and the location have not been recontoured and reclaimed. There is a pipe riser and a pig launcher receiver that remains along the main access road. There is a storage container at the location. All surface equipment should have been removed within 3 months of plugging the well and final reclamation completed within 12 months of abandonment. The corrective action date is set for when final reclamation was required to be completed.
