COGCC Comments

Comment	User	Date
<p>COGCC Inspection Report Summary</p> <p>On Monday 4/6/2020 at approximately 1100hrs. I, Inspector Robbie Revas conducted an onsite inspection at a Smith Energy Corp location, Cuykendall 12 @ API# 123-08342 in Weld County Colorado. While there, I observed Shut in well & tank battery. This is a follow up inspection from document # 699300576, 688400338 and 685100948. During this inspection the following Corrective Actions from previous inspections are delinquent:</p> <p>603.f Housekeeping: Dead weeds around sep, tnk btry, and wh. Trash and unused oil containers inside pumping unit house, buckets and yellow lid around location, stained soil at various spots around location.</p> <p>210.b: No capacity sign on oil tank. Thief hatch appears to be open to atmosphere. This is being referred to Enforcement; therefore, there is no corrective action date. See attached photos.</p> <p>Submitting this inspection to enforcement due to compliance issues not being addressed. A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report. Continuing Education Inspection</p>	revasr	04/06/2020
