Cc: Jake Janicek <JJJanicek@caerusoilandgas.com>, Brett Middleton <bmiddleton@caerusoilandgas.com>

My apologies for the confusion.

The COGCC Comment on doc #402349947 was intended to document approval of the requested reduced analyte suite (TPH, BTEX, EC, SAR, pH, and arsenic) for Remediation Project #14181 based on analytical results provided in doc #402258745.

I will upload this correspondence to the Remediation Project File under doc #1727835 to document the approval.

Steven,

Please see attached COGCC-approved Form 27 for the L19 project. Is our request for a reduced analyte suite approved for this project? The general comments section at the bottom of the form mentions the reduced analyte suite but there is no indication of approval.

Thanks

Jake
