Comment: This location does not comply with Rule 1004. Reclamation rules require reclamation activities to be conducted within three months of plugging on cropland. Wells were plugged 03/25/2019.

Operator has failed to perform all final reclamation activities (i.e., contouring, seeding, ect...).

Corrective Action:	Comply with Rule 1004. Collaborate with the landowner to determine mitigating measures that will allow reclamation work to be conducted in such a manner as to not interfere with crop production.  Corrective action date is being back dated to when all final reclamation activities should have been completed.	Date	06/25/2019
