**Inspected Facilities:**

Facility ID	Type	Status	Status Date	Well Class	API Num	Facility Name	Insp Status
116029	PIT				-	KRAUSE-WINDSOR BANK	EI

**General Comment:**

This is an environmental inspection. Any corrective actions from previous inspections that have not been addressed are still applicable. Inspected pit area only, not nearby tank battery. Met with pumper and discussed the history of the field and facility. Historically, produced water was filtered and discharged into the nearby settling ponds per an agreement with The North Poudre Irrigation Company (Document #70628) dated 6/26/1970. This practice was discontinued in the late 80's or early 90's; no documentation was found to indicate the exact date.
