General Comment:

On 5/13/2020, Reclamation Specialist Trujillo conducted a good housekeeping inspection at Chevron USA Inc's Emerald 25 location in Rio Blanco County, Colorado.

Records show that the Chevron Well is on an Equity Oil Co Location (ID No. 314367), also associated/shared with the PAd Emerald 176 well (103-07849, PAd 1980). This issue is being forwarded to OGLA as it appears the Chevron well should have its own separate and unique Location ID.

It was observed that this Location is out of compliance with 603.f

Refer to the "Location" section of this inspection report for additional details.

Refer to the photo-documentation attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
