Operator Comment: KPK was unaware that the facility's sales line had been shut-in on April 6th. As a result of the sales line having been shut-in, the facility was unable to sell gas and for safety purposes, routed sales gas to the control device. Upon notification that the facility was no longer selling gas, KPK immediately shut-n the location. The facility has remained shut-in until further assessment is made to determine the long term future of the sales line. If the sales line is determined to be no longer available for use, KPK will submit the necessary Form 4.

COGCC Decision: Approved pending re-inspection
