General Comment:

This is a follow up of the previous inspections document number 689901142, 689901380. The corrective actions of the previous inspections have not been completed. Previous corrective action date remains for enforcement purpose.

Operator is directed to perform corrective actions outlined on this inspection report immediately. This inspection is being entered for notification and documentation only and is not intended to provide the Operator the opportunity to resolve the alleged violations without the imposition of a penalty, pursuant to Rule 522.c.(1). Perform corrective actions immediately to avoid further enforcement and potential penalties.

Location			
Overall Good: <input type="checkbox"/>			
Signs/Marker:			
Type	BATTERY		
Comment:	A sign has been posted on the backside of the tank battery which is not readily visible from the front side along the county road. The sign does not appear to have the complete information required by rule 210.b. The sign did not provide the following: Sign did not measure between 3 and 6 square feet. No phone number for local emergency services, public road used to access the site, or the legal location including the quarter quarter section. Corrective action has not been completed.		
Corrective Action:	Install sign to comply with Rule 210.b.		Date: 09/14/2019
Type	WELLHEAD		
Comment:	There was no sign observed at the wellhead. Corrective action has not been performed.		
Corrective Action:	Install sign to comply with Rule 210.b.		Date: 09/14/2019
Emergency Contact Number:

Corrective Action:	<input style="width: 100%;" type="text"/>		Date: _____
Good Housekeeping:			
Type	DEBRIS		
Comment:	It appears the vegetative debris was removed at the well site.		
Corrective Action:			Date:
Type	UNUSED EQUIPMENT		
Comment:	There is unused equipment and debris at the tank battery and meter shed location. Additionally, observed during inspection was metal and wood debris at the wellsite. A piece of metal debris was observed in the cropland. Corrective action has not been performed.		
Corrective Action:	Comply with Rule 603.f . Remove unused equipment and debris.		Date: 09/14/2019
Overall Good: <input type="checkbox"/>			
Spills:			
Type	Area	Volume	
In Containment: No			
Comment:	<input style="width: 100%;" type="text"/>		
<input type="checkbox"/> Multiple Spills and Releases?			
Fencing/:			
Type	PUMP JACK		
Comment:	The fencing around the pumpjack is in disrepair. The gate was observed on the ground near the wellhead.		
Corrective Action:	Comply with the fencing requirements per the 1002a rules		Date:
Equipment:			
Type: Gas Meter Run	# 1		corrective date
Comment:	There was no hissing sound or strong odor near the meter shed, which was observed during a previous inspection. Sign posted says well is shut in.		
Corrective Action:			Date:
Type: Gas Meter Run	# 1		

Comment:	Meter run is 575' East of wellhead. The meter shed is leaning and unstable and there is debris inside. This is a safety concern. Erosion has occurred underneath the meter shed making it unstable. Corrective action has not been performed.		
Corrective Action:	Properly stabilize and secure mater shed. Keep door closed and remove debris. This is a saftey issue and a good housekeeping requirement. Comply with Rule 603.f .	Date:	09/14/2019

Tanks and Berms:

Contents	#	Capacity	Type	Tank ID	SE GPS
PRODUCED WATER	1	200 BBLs			37.307830,-102.187200
Comment:	There is no secondary containment around the tank. Corrective action has not been performed.				
Corrective Action:	Repair or install berms or other secondary containment devices per Rule 906.d.(1).				Date:
					09/14/2019
