General Comment:**COGCC Inspection Report Summary**

On Monday 6/23/20 at approximately 2:00 PM, I, Inspector Scott Ramsey, conducted an inspection on site in response of Complaints 18200448946, 18200448939, 18200448940 at TEP GM 3-11, at Location # 334847 in Garfield Colorado.

While there, I observed normal production operations. Production water tank does not have an anardo valve and is open to atmosphere, thief hatch is closed. No evidence of odor. Winds are calm.

During this inspection the following possible compliance issues were observed:

- Unused tank in containment.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
