

KP Kauffman - COGCC Inspection Photos
Location: Nessu Consolidation OLF Release
Spill ID # 476987 Date 6/29/2020

View of failed section of fiberglass pipe and fitting installed as part of repair completed by KPK in response to reportable spill ID #470915 submitted to COGCC on 1/17/2020.

Closer view of fitting on cut end of pipe section; KPK crew informed COGCC Inspector a leak is suspected to have developed between fitting and outside wall of FG pipe. Integrity/ adhesion failure of the prior repair is suspected to have caused second reportable spill (#476987)
