General Comment:

On 6/29/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at TEP's AP-66S96W 13SWNE Location in Garfield County, Colorado.

This inspection is also a follow up to inspection #680101300 to document compliance for the following corrective actions:
1004.e: Noxious weed management

It was observed in this inspection that corrective actions have not been addressed.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules

Comment:

Previous inspection observed Hounds Tongue and Canada thistle on the north end drainage of the Location, and required Operator to implement weed management by 07/31/2017.

It was observed in this inspection that Hounds Tongue and Canada thistle have expanded beyond the north end drainage of the Location, and have now established throughout the entire Location, and areas along the access road.

Ongoing noxious weed management does not appear to be occurring pursuant to COGCC 1004 requirements. Original corrective action and date remains applicable.

Corrective Action:

Comply with 1004.e and conduct weed management. Ongoing weed management is required until Location receives a passing final reclamation inspection.

Date **07/31/2017**

Overall Final Reclamation
