<b>Detailed description of the issue or issues.</b>	<p>Multiple times since the construction of a fracking facility on the east side of Quebec St. have the dump trucks exiting the site driven in highly unsafe ways, and this morning a dump truck approached the S-curve on Quebec at approximately 10 miles over the limit on a 2 way road, nearly smashing in to my vehicle with my 3 year old daughter in it. I am sick and tired of having my family's lives put at risk by irresponsible drivers working at a drill site near my home that I already don't want.</p>
