General Comment:

On 7/28/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

- Weeds need to be controlled by 8/20/2020.
- Stormwater erosion needs to be controlled by 8/30/2020.
- Wattles need to be removed by 8/30/2020.

****Care needs to be taken when addressing these corrective actions that vegetation is not damaged, so that the location can pass final reclamation after the corrective actions are adequately addressed.**

See below, and attached photos for additional detail.
