General Comment:

On 8/13/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Eagle Operating Inc's Emerald 186 location in Rio Blanco County, Colorado.

This inspection is also a follow up to inspection #696201277 to document compliance with the following corrective actions:

Comply with 1004 rules.

It was observed in this inspection that the Location remains out of compliance with 1004 Rules

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment:

<p>Previous inspection required Operator to Comply with 1004 rules and remove utility equipment from the Location.</p> <p>It was observed in this inspection that utility pole has been removed. It was also observed that equipment disturbenace (rutting, erosion degradation) likely associated with the equipment removal is evident on the site; Northern half of the Location bare and exposed soils. It does not appear as though work was conducted to reclaim/revegetate the disturbances.</p> <p>It was also observed that Halogeton appears to be establishing within the diturbed areas. This is a Colorado State listed noxious weed.</p>		Date 10/15/2020
Corrective Action:	<p>Comply with 1000 series rules; Conduct reclamation on the re-disturbed areas of the Location pursaunt to 1004 rules. Conduct ongoing weed management pursuant to Rule 1004.e and implement BMPs to stabilize the soils and minimize site degradation in accordance with Rule 1002.f.</p>
