General Comment:

On 8/31/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Gunnison Energy's Federal 11-90-7 location in Gunnison County, Colorado.

This inspection is a followup to Inspection #680600788, and #696201332 to document compliance with the following corrective actions:

- Comply with 1004 series rules by October 15, 2016
- Comply with Rule 1004.e and conduct weed management by 6/13/2020

This inspection is also in response to Resolution #402430239 stating weed management was conducted 6/5/2020.

It was observed in this inspection that weed management activities appear to have been conducted.

It was also observed that corrective actions requiring final reclamation in accordance with 1004 series rules have not been addressed; Due to the significant nature, extent, or duration of this alleged rule violation, this Location is being referred for enforcement.

Refer to the "Reclamation" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Comment: Corrective Action: Date: **Good Housekeeping:**

Type	WEEDS		
Comment:	<p>Inspection #696201332 observed noxious weeds establishing on the Location, and required Operator to comply with Rule 1004.e.</p> <p>It was observed in this inspection that noxious weed management activities appear to have been conducted, however some plants observed appear to have reached seed head maturity by the time weed management was conducted, and seed head dispersal is evident.</p> <p>Ongoing noxious weed monitoring/management is required until location receives a passing final reclamation inspection. Followups will be conducted in future growing seasons to determine compliance with 1004 rules.</p>

COGCC Comments

Comment	User	Date
<p>RECLAMATION COMMENTS</p> <p>FIR #680600788 dated 6/9/2016 and FIR #696201332 observed that the Location does not meet 1004 reclamation requirements; Equipment remains, Location and access road requiring compaction alleviation and contouring. FIRs required Operator to perform the following corrective actions by 10/25/2016: Equipment needs to be removed and well pad and access road need to be de-compacted, re-contoured, and seeded to comply with 1004 series rules by October 15, 2016.</p> <p>It was observed in this inspection that the Location remains out of compliance with 1004 Rules and corrective actions; Anchor equipment remains on NW corner of Location; Gravel remains on Location and access road; Location and access road has not been contoured and compaction alleviation not conducted and site/road revegetated.</p> <p>Corrective actions from FIR #680600788 and FIR #696201332 have not been addressed, therefore corrective action date remains applicable; Due to the significant nature, extent, or duration of this alleged rule violation, this Location is being referred for enforcement.</p>	trujilloam	09/02/2020
