17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Date of work August 1, 1978

Well was spudded on July 25, 1978. After setting surface casing well was drilled to total depth of 5162' and electric logs run. Two drill stem tests were run in the "D" and "J" Sand to evaluate shows. Both proved negative, so well was plugged and abandoned as follows:

- 15 sacks cement plug from 90' to 120'
- 10 sacks cement plug from surface to 30'
- Hole was filled with heavy mud.
