**General Comment:**

On 9/29/2020 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Weed debris needs to be removed and properly disposed of by 10/16/2020. Revegetation may be needed in this area if desirable vegetation is not present beneath weeds.

See below, and attached photos for additional detail.

-Operator submitted 2020 FIR Resolution Form documents operator's response to corrective actions identified during a 2019 reclamation inspection. Corrective action appears to be addressed.
