Dear Miss Doucette:

In reference to your recent inquiry into a completion report on State Peterson # 2, <sup>✓</sup>Tow Creek, Routt County, this is to inform you that subject well was spudded on June 6, 1957. Present depth on June 20, 1957, is 85'.

Drilling has been greatly hampered by road and weather conditions, and operations have been shut down since June 11, 1957, for these reasons.

Completions of this well and of Maudlin Gulch <sup>✓</sup>#8 should take approximately another month. Reports will be mailed to you at the appropriate time.

Yours very truly,

THE TEXAS COMPANY  
Producing Department
