Operator Comments:

This Sundry is being submitted to update the proposed access entrance point off County Road 32 shifted to the south by approximately 50' to 100'. KODA is changing the route to come up from the south. This change is to avoid a bridge to the north with weight restrictions near the intersection of County Road 32 and County Road J as requested by the Lincoln County Road and Bridge Division. The change in the access road entrance point location is being made at the request of the surface owner and closer to the WHP Misty Production Facility. Please see the updated access road map attached.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
