**General Comment:****COGCC Inspection Report Summary**

On Tuesday 11/3/20 at approximately 1330, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus E18E, at Location # 323879 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year.

During this inspection the following possible compliance issues were observed:

- Sediment migration from location on north side/riling is evident, along with sediment choking out vegetation.

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
