General Comment:**COGCC Inspection Report Summary**

On Friday 11/6/20 at approximately 1130, I, Inspector Scott Ramsey, conducted a routine inspection at Grizzly Legg, at Location # 323932 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year.

During this inspection the following possible compliance issues were observed:

- Lack of tracking controls
- Sediment migration on north side of pad choking out vegetation
- Debris on north side of location

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
