General Comment:

On 1/8/2021, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Gordon Engineering Inc's Federal 32-2 location in Mesa County, Colorado.

This inspection is a follow up to #696201937 to document compliance with the following corrective actions:

311.b: Subsequent Report of Abandonment

1003.f: Stormwater

1004.a: Final Reclamation

It was observed in this inspection that the Location remains out of compliance with COGCC Rules and corrective actions.

Refer to the "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

Inspected FacilitiesFacility ID: 221906 Type: WELL API Number: 077-08508 Status: PA Insp. Status: RI**Workover**

Comment: Inspection #696201937 documented that no Subsequent Form 6, and plugging records have been submitted by Operator. Inspection required Operator to comply with Rule 311.b and submit the Form 6 - Subsequent Report of Abandonment by 11/5/2020.

Operator submitted Form 6(s) #402523427 (Received 10/30/2020). This corrective action has been addressed.

Comment:

Inspection #696201937 documented that final reclamation activities have not been commenced including, but not limited to, compaction alleviation (cross ripping to a minimum depth of 18 inches), contouring/regrading, replacement of soils and revegetation activities on the Location and access road. Inspection required Operator to comply with 1004 rules by 11/30/2020.

It was observed in this inspection that final reclamation activities have not been completed in accordance with COGCC 1004 Rules and corrective actions; Original corrective action and date remains applicable.

Corrective Action:

Complete final reclamation activities pursuant to 1004 Rules including, but not limited to, compaction alleviation, contouring/regrading, replacement of soils and revegetation activities on the Location and access road.

Date **11/30/2020**

Comment:

Inspection #696201937 documented that cement waste was spilled onto approximately 0.11 acres of the surface north of the Location in violation of Rule 1002.f.(2)B. Inspection required Operator to clean or remove impacted soils by 11/30/2020.

Due to limited visibility from snow cover, Reclamation Specialist was unable to accurately determine if the corrective action has been addressed; no resolution documentation or records have been submitted by the Operator to show that the corrective action has been addressed, therefore the original corrective action and date will remain applicable; A followup inspection will be conducted to determine compliance with COGCC Stormwater Rules.

Corrective Action:

Clean or Remove impacted soils by 11/30/2020.

Date: 11/30/2020

Pits: ☐ NO SURFACE INDICATION OF PIT**Attached Documents**
