Comment:

operator, we were unaware this work was not complete. That should be noted on this inspection as well for documentation of compliance.  
This location is on a shared pad with Red Willow Production Company. They have two wells on this location. The Ignacio 33 7 #32-4 API: 05-067-08503 and the Ignacio 33 7 #32-5 API: 067-09198. After reviewing the site, High River believes this should be a joint effort. We are unclear on how you determine which operator is responsible for erosion issues on a shared pad. RWPC's location has not been inspected since 2014. I have attached an aerial photo for reference of equipment ownership and erosion issues.
