Dear COGCC and CPW:

Front Range Nesting Bald Eagle Studies (FRNBES) is filing a NEW complaint to the COGCC regarding concerns about adverse impacts from operations at Crestone's "Dreamweaver" location to nearby high priority habitat for bald eagles (see attached [Submitted 1-21-21 Middle Roost COGCC complaint FRNBES.pdf](#)). Please also see attached Exhibits that accompany this complaint: [Exhibits 1 to 8 Submitted 1-21-21 Middle Roost COGCC complaint FRNBES.pdf](#) AND [Exhibit 9 Submitted 1-21-21 Middle Roost COGCC complaint FRNBES.xlsx](#).

Please also be advised that this NEW complaint **now supersedes a previous complaint filed on November 24, 2020 (Document number 200449290)**. There are several reasons for filing the new complaint: 1) the new complaint now falls under the new COGCC rules adopted on January 15, 2021; 2) we have included new scientific information in the new complaint, and the water pumping operations—the subject of the initial complaint—continue; 3) we have not received a written response to our initial complaint; and 4) under the new COGCC rules, groups such as FRNBES will be afforded new Standing consideration for a hearing request by the professional Commission—if a hearing is so desired.

Sincerely,

Dana Bove as president and representative of FRNBES

Hi Greg and John,

I have assigned you a new complaint (re-complaint?) from Dana Bove regarding eagles and Dreamweaver.

Info is below in the forwarded message below and attachments. There is a second email I will send regarding noise.

The Form 18 is doc #200449342, keep me in the loop and I will handle the Forms.

Thank you,

Megan
